Description

A glowing sensory board designed for creative play, adapted for use by children in wheelchairs. The main theme of the board is a rocket and stars. The board includes rotating wheels that emit colorful light when set in motion, making play more engaging. The structure is made of black, galvanized, powder-coated steel. The board itself is crafted from HDPE material. The pipes are finished with spherical decorative elements.

* Available posts colors [RAL]: 7016; 9006.

Playground device consists of

- 2 x posts
- 1 x board with a rocket and star motif
- 8 x rotating wheels emitting colorful light

Product details

- Dimensions (LxWxH): 0,9 x 0,1 x 1,25 m
