

EDITO 27

Code: IS-TA-113

Description

Educational board with a functional time play tool, designed for use by children in wheelchairs. The board features a colorful panel with easy-to-turn dials and a hidden clock mechanism with gears for smooth operation. This exceptional product not only teaches but also entertains. The construction is made of black steel, galvanized, and powder-coated. The board is made from HDPE. The pipes are finished with decorative spherical elements.

Playground device consists of

- 2 x posts
- 1 x board
- 2 x dials with handles
- 1 x clock
